RESPONSE TO RESTRICTION REQUIREMENT

SIR:

In response to the restriction requirement mailed March 21, 2008, applicants hereby elect, with traverse, the claims of Group I, i.e., claims 1 to 3 for further prosecution in this application.

This election is made with traverse because the present application is a national stage of a PCT application. Therefore, PCT unity of invention rules apply. With reference to 37 C.F.R. §1.475(b)(1) applicants maintain that non-elected claims 4 to 6 are a process for making the product of elected claims 1 to 3.

Applicants maintain that U.S. Patent No. 6,673,166 to Oku et al. does not disclose or suggest the present invention.
